Notes

Megadue and Sonic Belligeranza present *M.B. Estate*,
an anthological sound exhibition dedicated to the industrial music
pioneer Maurizio Bianchi (Pomponesco, 1955; lives in Milan).
The project will run until Sunday, September 15.

The exhibition structure presents the author's extensive body
of work in a non-chronological order by playing one disc each
day (4109 minutes). With the shutters closed but the door open,
Megadue functions as a sound device, allowing Bianchi's music
to flow out into the street.
